

Clover Technologies Group respects the intellectual property rights of others and is dedicated to the continuous development of quality products for our customers.

In an effort to offer remanufactured alternative products, Clover represents and warrants that all of the ink jet and laser cartridges that have been procured through Clover Environmental Services a division of Clover Technologies Group:

1. have, to our knowledge, been lawfully sold in, or for use in, the United States; and,
2. have been collected within the United States.
